

## Federal Standard 595 Paint Spec Information

***The following information is made available to our customers as a reference point only. See below for how to request the 595 specification from the US Government. Contact your paint manufacturer such as Sherwin Williams for paint or additional information.***

The colors in the Federal Standard set have no official names, just five-digit numbers. Any names given below are generic.

The first figure can be 1,2 or 3 and indicates the level of sheen:

- 1 = gloss
- 2 = semi gloss
- 3 = matt

The second figure of FS code indicates a general color classification group;

0 = Brown	5 = Blue
1 = Red	6 = Grey
2 = Orange	7 = Other (white, black, violet, metallic)
3 = Yellow	8 = Fluorescent
4 = Green	

- The remaining figures (third to fifth) combined into a number indicate the intensity. Lower value indicates a darker color, higher value - a lighter color, with no other significance. The numbers have been assigned with gaps to allow addition of new colors. Fed-Std-595 is a color collection, not a complete color system.

### How To Request the Spec, Fan Deck, or Paint Chips

You can request a copy of the 595 spec, Fan Deck or Paint Chips by contacting the GSA Federal Supply Service Bureau Specification Section at **202-619-8925**. These can also be ordered from <http://assist.daps.dla.mil>. Search on Fed-Std-595.

This chart is a reference guide only to give you an idea as to the approximate color. Colors on computer screens may vary based on the graphics card and monitor used in your system. For true accuracy use the Fed-Std-595 Fan Deck. The RGB Hex Code is a reference to what is shown on your monitor.
